

## WILL ADOPT NEW PLAN FOR REFUSE

Council Will Follow Minneapolis Plan as Result of Recent Trip to That City.

## TO DRAIN AND WRAP GARBAGE

Commissioners Say They Will Pass Ordinance Making This Incident Upon Householders.

Rock Island may soon have an ordinance which will make it mandatory upon householders to drain all garbage and wrap it in paper before depositing it in the refuse boxes.

This action is contemplated as a result of the trip made by the mayor and commissioners to Minneapolis, at which place they inspected the Deane garbage incinerator. The commission found that in the Minnesota city all of the garbage which was carried to the disposal plant was wrapped in newspapers and that it burned much easier because of this and since it was desired before being deposited.

The mayor and several of the commissioners said this morning that they liked the plan and that the people of this city would likely have to be educated to do this before the incinerator is constructed. Commissioner Dahl said that the majority of people in Rock Island did not remove water from the garbage but placed it in the boxes so that when it is loaded into the wagon much of the load is water.

## Is 75-Ton Plant.

The incinerator plant inspected at Minneapolis by the commission Saturday is a 75-ton plant, erected 15 years ago. Three times since then the frame building which housed the incinerator proper, burned to the ground without injuring the furnace to any extent.

The commission seemed fairly well impressed with the manner in which the plant operated but two questions will have to be fully decided with the regard to this type of plant before the commission will agree to enter into a contract with the company, if the incinerator does result in the council favoring the Deane incinerator.

One is how much steam can be secured from the plant to assist in operating the waterworks? The other one is with the disposal of night soil. The commission was unable to determine how much assistance the incinerator would be to the waterworks. Representatives of the company also said that it was inadvisable to attempt to dispose of night soil in the incinerator.

The council may take another trip for the purpose of viewing a Spargo incinerator, in either Little Rock or Memphis. Mayor McLaughlin returned yesterday morning and the commission this morning.

## MOLLENKOF LEAVES; SELLS HIS INTERESTS

J. F. Mollenkoff, president and general manager of the Photo Art Engraving company, has disposed of his interest in the concern and left the city last night. It is understood he expects to engage in agricultural pursuits at Wilmet, Ark.

## PAUL WADSWORTH IS SLOWLY IMPROVING

Reverend Paul Wadsworth, who has been critically ill with typhoid fever at his home near Coal Valley, is much improved. He was able to be up and around yesterday for the first time.

## USES CROWBAR AND GETS BACK DOLLAR

Asking for a crowbar at midnight, reasonably by one open to suspicion, but there was no ground for them in the case of a Rock Island man who called at the police station shortly before 12 o'clock last night and in-

## BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation or Backache.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish, the eliminative system clogs and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then flush. This famous salt is made from the acid lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

Harper House pharmacy. (Adv.)

quired for a heavy iron bar. His use for it was perfectly legitimate, for a few moments later he could have been found a block away prying open the lid of a catch basin and extracting therefrom a shining silver dollar. His wife had dropped the silver piece and it rolled into the drain mouth.

"In this day and age," he said to Sergeant Charles Blumer, when he returned the bar with thanks, "a man can't allow his wife to roll dollars into sewers and get by with it. They eat 'em up for enough other purposes without rolling 'em away like that."

## VOTERS FAVOR A NEW HIGH SCHOOL

Bond Issue of \$61,000 Is Legalized by Vote of the People in East Moline—Will Pay Debt.

Erection of a new township high school in East Moline became a certainty Saturday when the proposed bond issue of \$61,000 to pay for the construction of the building was legalized by a vote of the people.

There were two propositions for the voters to ballot on. The first was upon a bond issue of \$50,000 to pay for the construction of the building. The second was upon a bond issue of \$11,000 to pay off indebtedness incurred when the site was purchased. Vote of men was as follows:

For the \$50,000 bond issue—442 to 56.

For the \$11,000 bond issue—125 to 61.

Vote of the women was:

For the \$50,000 bond issue—34 to 14.

For the \$11,000 bond issue—94 to 14.

Total vote on the two propositions was:

For the \$50,000 bond issue—225 to 57.

For the \$11,000 bond issue—229 to 57.

The election Saturday was the second one. At the first bonds of \$75,000 were voted, but it developed later that taxable property of East Moline was not of sufficient value to make a bond issue of that amount legal. Bond investors insisted that the second election, providing for a smaller issue, be held.

## VETERAN OF TWO WARS IS CALLED

Frank Hughes, Who Served in Rebellion and Was Later a Regular, Succumbs.

Frank Hughes, veteran of the Civil and Spanish-American wars, died at 7:15 this morning at St. Anthony's hospital, where he had been confined since Sept. 5. On that date he suffered a stroke of paralysis of the lower limbs at his home, 1215 Thirty-seventh street.

Mr. Hughes was born in Philadelphia Feb. 15, 1851. Toward the latter part of the Civil war he enlisted as a drummer boy, serving to the end of the war. He was united in marriage to Miss Ada Brown, May 14, 1881, at Columbia, Tenn. He came to the Rock Island arsenal as a soldier 15 years ago. He retired from the army 10 years ago, after 30 years of active service and since that time had made his home in this city. He was preceded in death 5 years ago.

He is survived by two daughters, Misses Francis and Gladys and three sons, Charles, Clarence and George, all of this city.

## ROCKENBACH AGAIN GETS LOCAL CHURCH

Rev. J. G. Rockenbach will again this year serve the Free Methodist church, Fifteenth street and Ninth avenue, as pastor, having been reappointed at the closing session of the northern Indiana and Illinois conference of the church at Kewanee Saturday. Rev. C. H. Huston of Peru was named as presiding elder of the district. Other appointments made by Bishop W. A. Sewell are Rev. Henry Lenz at Kewanee, Rev. F. W. Calkins at Sheffield and Arkington, and Rev. J. E. Parry at Galesburg.

Rev. Mr. Rockenbach has been connected with the local church for the last year and has accomplished much for the upbuilding of the church, his appointment being in recognition of his efficient services.

## A Wonderful Railway Journey.

For picturesque variety and romantic appeal the panoramas running like double cinematograph films past the car windows on the great African trunk line can never know a rival. Six thousand miles, across 65 degrees of latitude; a score of climates and the lands of a hundred different peoples or tribes; the second longest of the world's rivers and two of its largest lakes; the greatest dam ever built conserving water for the world's richest lands; the most imposing and ancient of all temples; the greatest waterfall and the most important gold and diamond mines, and finally one of the last great expanses of real wilderness, the only place in the world where the wild beasts of the jungle may be seen in their primitive state from a train—all these are seen, traversed or experienced in 12 days.

## Catched With the Goods.

"How do you happen to be in prison, my poor friend?"

"Because I was a man of property, mine."

"I don't understand."

"Yes, see, man, it was other people's property."—Birmingham Age-Herald.

All the news all the time—The Argus.

## SUSPECT HELD AS SCIRE MURDERER

Police Will Neither Admit or Deny Man Held to the Grand Jury Without Bail.

## REMOVED THAT HE CONFESSED

Police Will Not Either Admit or Deny Chiarenza Acknowledges He Committed Crime.

John Chiarenza, otherwise known as "Diego," was bound over to the grand jury by Police Magistrate C. J. Smith this morning, charged with the murder of Sam Sette in his shoe repairing shop at 1229 Seventh avenue, Saturday morning. He was held without bail. It was rumored also that the police secured a confession from Chiarenza, but they would neither affirm or deny this.

City authorities claim now they know what the motive back of the crime was, but they will not divulge it. They deny that it was a Black Hand crime. They say there was no "woman in the case." They state that business jealousy did not prompt the murder and that they have never placed any weight in the theory of robbery. The only other motive advanced Saturday as plausible, that Scire might have been shot for his refusal to join the Italian army as it was said he was directed to, is given no credence by the police.

Chiarenza waived preliminary examination. He signed the jury waiver and showed no signs of nervousness when in court.

Sam Chiot, a brother-in-law of Chiarenza, was present in the court room and acted as interpreter. The accused man being unable to understand or talk English very well, Chiarenza married Chiot's sister in Sicily before coming to this country. She still lives there and he signed over all his property to his brother-in-law so that he could send it to his wife. The property consisted of \$163 and a gold watch.

## Strong Case Against Him.

His waiting examination and signing his property over to his wife, and the attitude of the police toward the accused man in the court room this morning, indicated that if the police had not secured a complete confession from him, he had made certain admissions which may assist the officers in securing further evidence against him. Another indication that the officials secured a confession is that he was arraigned so soon and taken to the county jail. Ordinarily, in cases of this kind a suspect is kept at the station for a greater length of time, or until the police are sure that there will be no confession.

It is admitted that Chief Phil Miller and Detective Tom Cox had a "con talk" with Chiarenza last night. Detective Cox said this morning that there was nothing to indicate that "Black Handers" instigated the murder. He said: "We have no Black Hand society in Rock Island. That's easy to be seen. All the Sicilians and Italians are hard-working and good citizens. You'll find the members of the Black Hand looking and 'bleeding' somebody that's got money."

## SALVATION ARMY CORPS FOR CITY

Captain Haynes of Peru, Ind., Comes to Rock Island to Carry On Work in Future.

Captain Haynes, formerly of Peru, Ind., has been sent here by the provincial headquarters of the Salvation army to open a corps in this city. Captain Haynes comes well recommended, being highly praised by the press of Peru for the work he did while there. It has been several years since the army had a corps here. During that period Rock Island people have been solicited for work, but the funds have been taken to Moline or Davenport for disbursement. It is now promised that whatever collections are made here will be devoted to relieving the condition of the poor of Rock Island.

## TAKES OVER DOSE HEADACHE CURE?

Mrs. C. L. Gordon, Aged 20, Taken to Hospital for Treatment for Some Sort of Drug.

Mrs. C. L. Gordon, alias Myrtle Coyne, alias Pearl Simpson, aged 20, who resides at 229 1/2 Twentieth street, was taken in the ambulance at 9 o'clock last night to St. Anthony's hospital, suffering from an overdose of poison of some sort. Hospital authorities claim that Mrs. Gordon took an overdose of headache powders and was released from the institution this morning, apparently none the worse for the incident.

There was a rumor out to the effect that the woman tried to end her life because of a love affair, but this version was stoutly denied by those who were in position to know the circumstances.

## DIXON & MOELLER

Funeral Directors  
Can be reached at all hours. Office 2030 Fourth avenue, in the Eagle's Home. Office phone, R. I. 380. Residence phones, 3250 and 818.

# "Ramser Quality"

## From Factory to Pocket

Having recently purchased shares in the MANUFACTURING JEWELERS OF AMERICA and thereby becoming a factor in the manufacture of jewelry, we wish to state to our friends and patrons that we will be in a position to show better values than ever before, we have always given you the best quality of merchandise obtainable but now the quality will be even better and the prices lower.

## From Factory to Pocket

### Means We Will Sell You Jewelry

first handed, no jobber or middle man to pay a profit to, this saves the consumers at least 25%, you're entitled to this and we are going to make it possible for you to get the benefit.

Our store will be called the "WEMAKIT" store, meaning we are stockholders in the factories that make our jewelry and that we will know absolutely the merchandise we sell is superior to any other on the market, this is the object of buying factories and controlling the output of same.

## STEPS ON NEGRO IN HIS BEDROOM

Moline Youth Has Discouraging Experience When He Returns Late at Night.

To walk into his chamber—stepped on a living object, lying on the floor, was the experience of Earl Taylor, son of Charles Taylor, 138, Eleventh street, Moline, at 10:45 last night. The young man was paralyzed with fright. The object, which later it was discovered was a negro, granted as Taylor's son came down, sprang up and dashed past the astonished youth out into the night. All Earl could see was a glint of white teeth as the object fled by him, but he groined in and interrupted a negro burglar in midst of his operations.

His deductions were later proven correct when George Davis, colored, was brought into the Moline police station by Officers Anderson and Scholfield. Davis admitted being in the Taylor home.

During the early hours of the evening the negro was seen prowling about the Taylor home, peering into the windows of the residence. Three negroes were seen to alight from a Milwaukee train at Eleventh street Sunday morning and Davis is supposed to be one of the trio.

When Mr. and Mrs. Taylor retired at 10 o'clock they left the front door screen unlocked. The negro, who found no trouble in gaining an entrance into the house, had taken a purse containing \$100 and a watch when his operations were interrupted by the entrance of the youth.

Word to the police station resulted in Anderson and Scholfield taking up the chase. A negro was sighted at Nineteenth street and Second avenue and called on to halt.

He ran. Then Anderson, in close pursuit, pulled his revolver and fired him the air. The quarry halted.

Taken into the station, he admitted his guilt and this morning waived examination. Nevertheless his trial was continued until 2 this afternoon, when it is probable that he will be arraigned on a vagrancy charge and sent to the county jail.

## CAPTAIN GLEASON QUILTS THE TEAM

Rock Island High School Star Goes to Dubuque Where Butler Will Play Football.

Captain Will Gleason of the Rock Island high school football team left this morning for Dubuque where he will enter Dubuque college, the place where Bud Butler will attend school this year.

Of course the loss of the captain will be a heavy one to the team. Gleason has been one of the heaviest and hardest players in Rock Island football history. He was one of the members of last year's squad to be picked for the second all-state team and certainly won his place there. He was also an athlete in many other ways, most notably in basketball, where he played guard. In football, he generally played half-back.

All thoughts are now turned to the question of who will be Gleason's successor as captain of the team. A

## GERMAN ATTACHE AT WASHINGTON MAY LOSE PLACE THROUGH DUMBA'S LETTER

The German military attaché, Captain von Papen, will probably be sent home in disgrace because of his connection with the Dumba affair. Von Papen was mentioned in Dumba's letter as having endorsed the assassination plan strike plan proposed by Dumba to his government. He already has been investigated by government agents on three occasions for illegal activity in behalf of his government.

Captain Franz von Papen.

## Early Ballooning.

As early as 1789 the French government granted a sum of money to establish a balloon service between Paris and Marseilles, with what were

known as the Montgolfier air balloons, though the project never became more than a project.

## Jones' 2nd Hand Store

Rock Island, Ill.

## WORKING TO KEEP BOYS OFF STREETS

The monthly session of the Rock Island County Humane society was held in the office of Dr. J. W. Stewart this morning for the transaction of business matters. Reports were received for the past month's work and bills were allowed. Humane Officer H. H. Robb gave his report for the month as follows:

Complaints received ..... 16  
Reprimands made ..... 19  
Horses examined ..... 45  
Horses laid off from work temporarily ..... 2  
Horses destroyed ..... 1  
Barns examined ..... 2  
Boys sent home off the streets late at night ..... 3  
Mr. Robb has made a special effort to keep young boys off the streets after 9 o'clock and has frequently followed young boys to their door steps to see that they are safely home at an early hour.
